CALL PRESENTATION

Exchange and sharing. Exploration of European values, especially those of solidarity and citizenship. Opening girls' and boys' minds through collaborative learning. Discovering new horizons through collaboration. All this will be the focus of the Coherent Summer School in Maribor, Slovenia, from 5 to 9 September. A great opportunity for young and very young Europeans from different parts of the continent to get to know each other's lifestyles and cultures, transfer good practices to each other, and break stereotypes. But above all, an opportunity to learn how to unlock the full potential of sharing, confrontation, dialogue, and the development of common and universal solutions to priorities.

The participants, whose airfare, subsistence and youth hostel will be financed, will have the opportunity to have a real-life experience that will remain deeply engraved in their personal development. They will be the first to feel an important cell in the birth of the European society of today and tomorrow.

So what are you waiting for? Don't hesitate, to fill in the form and pack your backpack.

See you in Maribor!
